CSIL, CENTRE FOR INDUSTRIAL STUDIES

Established in Milan in 1980, CSIL is an independent research institute, specializing in applied economics, particularly industry competitiveness, small business, market analysis, evaluation and regional development studies. CSIL partners are highly qualified experts, including economists, engineers, business analysts, statisticians, experts in policy and project evaluation. CSIL can also rely upon a network of international associate experts. In over 30 years, CSIL has gathered experience with analyses of business strategies, international markets, competitiveness studies, cluster development initiatives, investment feasibility studies and project appraisal.

EVENTS 2015

WORLD FURNITURE OUTLOOK WORKSHOP
14th EDITION, APRIL 2015: Annually held during the Milan International Furniture Fair “I SALONI”, the “World Furniture Outlook Workshop” is a unique occasion to gather comments on the key issues regarding production, consumption and trade of the major industrial economies worldwide and to introduce the furniture sector forecasts. CSIL experts, International keynote speakers and a team of corporate and institutional representatives together in a round table present global sector performances and perspectives. Working language: English.

FORECAST SEMINAR ON FURNISHINGS MARKETS
33rd EDITION, NOVEMBER 2015: The “Forecast Seminar on Furnishing Markets in Italy and Worldwide” is the traditional end of the year meeting taking place in Milan, expressly designed by CSIL for leading sector players and operators, representatives of institutions and trade associations, press, economists and researchers, to present the scenario for the worldwide furniture industry and forecasts. Working language: Italian.
CSIL “Furniture Country Outlook” report series offers an overview of the furniture industry for 70 countries grouped by area or presented separately. Data provided include, among others: furniture sector performances (production, consumption, imports and exports), three-year market forecasts, macroeconomic and business climate indicators, maps and detailed trade statistics. Reports also provide short profiles of furniture market key players.
